

# BALTIMORE CITY

# GREEN NETWORK PLAN

A vision to connect neighborhoods, and transform Baltimore

**PUBLIC MEETING: JUNE 15TH FROM 6 PM—8 PM**  
**Civic Works' Clifton Mansion, 2701 St. Lo Drive, Baltimore, MD 21213**

Baltimore City is creating a bold vision for reimagining vacant and abandoned properties and transforming them into community assets. The Green Network Plan will provide a thoughtful blueprint for turning vacant properties into parks, gardens, urban farms, open space and future development sites to benefit residents, promote economic development and make Baltimore communities more connected and sustainable.

**Join us for the first public meeting for the Green Network planning process.**

At this meeting, participants will be provided with an overview of the planning process and will have the opportunity to provide feedback on project goals.

**For more information visit:**
